## **PRESIDENT'S MESSAGE - 1972**

It was again a year of decision and change. The work of the Bureau expanded and increased and the problems of families serviced by the Bureau seemed more acute.

In 1972, the Family Service Bureau continued its work with the Juvenile Court of Essex County and maintained its relationship with the Mount Carmel Guild in its drug addiction program. It also continued to be a part of the "Call to Learning" — The Newark-Victoria Plan financed by a grant from the Victoria Foundation. The Bureau also continued to work with Urban League of Essex County in the Neighborhood Counseling Project financed by the United Community Corporation. And finally, the Family Service Bureau is again indebted to The United Way of Essex and West Hudson, as well as to foundations and government agencies for providing the financial help necessary to carry out the work of the Bureau in 1972.

As the President of the Board of Trustees, I am more convinced than ever that Family Agencies are providing that expert treatment necessary to help families resolve their problems and maintain family unity.
